THEY BOTH KNOW NOW WHETHER GOD EXISTS

WALLACE, Ida, Oct. 19.—As the result of a quarrel as to whether there is a God and as to whether the statements of the Bible are based on mythology, Peter Rukavanna and George Melick are both dead at Taft, a settlement near Wallace, Melick asserted that there is no God and that the Bible statements are untrue. In the heat of discussion he drew a revolver and shot Rukavanna in the mouth, killing him almost instantly. Melick escaped, but while trying to gain the shelter of the hills, fell over an embankment and landed on his head, receiving injuries from which he died yesterday morning.

WELCOME TO AMERICANS PERFECT

Japanese Reception Has Been Managed With Wonderful Tact on Part of the People.

AMBASSADOR D'BRIEN GIVES BIG DINNER

Admiral Sperry and Foreign Affairs Minister Komura Felicitate Upon the Sequences of Commodore Perry's Visit.

TOKIO, Oct. 20.—The reception accorded the American Atlantic fleet by the government and people of Japan is conceded by the American naval officers to be the heartiest and most perfect ever carried out of the many receptions received by the fleet since it sailed from Hampton Roads.

Rear Admiral Sperry said to the Associated Press today that he was utterly unable to say how it had been accomplished, but that the welcome given the fleet and its officers and men here has been so carefully planned and carried out to the minute detail that a lasting impression has been stamped upon the mind of every American who witnessed it.

The men of the American and Japanese fleets are fraternizing everywhere throughout Tokyo and Yokohama. Every wish of the American sailors is anticipated and each blue jacket finds an English speaking guide among the Japanese sailors. The American uniform is the "open sesame" everywhere, the cordiality of the Japanese extending even to the inhabitants of the most remote villages.

Three thousand sailors from the American fleet are granted shore liberty daily and it is remarkable that notwithstanding their long confinement aboard ship not a single difficulty has been reported, hearing out of the statement of Admiral Sperry, made at his headquarters here, that the sailors of today are the best of their kind and that they are the most well-behaved and most obedient of any fleet in the world.

Americans throughout Japan are enthusiastic regarding the visit of the fleet and the cordiality of the reception accorded their fellow countrymen, though the program is so elaborate and so fully carried out that at times it becomes almost monotonous. Still the visiting Americans are full of the opinion that more of Japan than any ordinary tourist could possibly accomplish in the same time.

Address by Ambassador

TOKIO, Oct. 19.—With the assembled flower of the Japanese and American navies as his guests and audience, Thomas J. D'Brien, the American ambassador to Japan, tonight delivered a stirring address, urging that the fleets of warships be regarded as the assurances and instruments of peace and that the visit of the fleet to Japan be an opportunity to extend a like welcome and greeting to all those present, especially the brave and tried officers of the Japanese navy, sitting side by side with the American officers, and to the men of the fleet, joining with them in the fraternal comradery in which the brave are every where entitled to indulge.

"The coming of such men," he said, "each owing a devoted loyalty to his own government, the inspiration of a noble and brave ideal, is a welcome and a privilege."

In his response on behalf of the American officers Rear Admiral Sperry spoke with expressions of good will and of the gratitude shared by all for the cordiality and the abundance of evidence of friendship and hospitality they had encountered upon every hand.

Count Komura, minister of foreign affairs, was introduced by Ambassador D'Brien as a man of a wide acquaintance with the history of the Japanese navy and as a man of a wide acquaintance with the history of the Japanese navy.

MORE TAMMANY MONEY FOR BRYAN'S CAMPAIGN

NEW YORK, Oct. 19.—A cablegram from Richard Croker, dated Dublin, Ireland, subscribing \$1000 to the national Democratic campaign fund and \$500 for the state campaign fund in behalf of Lewis S. Chanler was today received by National Treasurer Ridder.

BROKER'S MOTHER GAVE GREAT HELP TO FIRM

NEW YORK, Oct. 19.—Mrs. Minnie E. Young, mother of Lewis Ginter Young, a member of the failed brokerage firm of A. O. Brown and company, told at today's session of the investigation into the affairs of the firm of having made a loan to that firm in 1908 and shortly before the firm failed. While she was testifying, her son wrote a statement declaring that his connection with the firm had cost his mother \$110,000, a large part of which was lost in the collapse of the San Domingo Gold and Copper company.

Mrs. Young testified that she loaned 2,000 shares of preferred stock of the American Tobacco company and \$50,000 worth of that company's bonds to the firm. She was also paid \$1,000 a month for her part of the financing of the Whitney syndicate, which was one of the ventures in which A. O. Brown & Co. were interested.

Shortly before the failure, Mrs. Young said, she loaned the firm \$100,000 worth of securities to enable them to get their checks certified. This was returned to her on the day on which she loaned it.

INDIANS AND GAME WARDEN IN BATTLE

One White Man and Four Red Skins Killed in Conflict Near Missoula in Central Montana

MISSOULA, Mont., Oct. 19.—A telephone message from Orville, Powell county, says that Deputy Warden C. B. Peyton and four Flathead Indians are dead as a result of a pitched battle between the warden and the Indians near Missoula yesterday afternoon.

Peyton and the Indians were attempting to arrest the Indians for hunting without a license and killing deer in excess of law. Peyton went to the camp of the Indians and told them that they had been caught. The Indians immediately fired on the deputy with rifles, which was returned by Peyton and the others.

Yellowhead was one of the Indians killed; the others are unknown.

COURT REFUSES TO SAVE BILLIK

Federal Tribunal Has No Jurisdiction in Case of Noted Illinois Murderer of Five.

ST. PETERSBURG, Oct. 19.—The court of Adolf Fisher, a naturalized American citizen, who has been held for the past ten months in Russian jails, has been taken up by the Russian press, and with this co-operation the efforts of the American embassy to secure the release of Fisher may prove successful.

Fisher was arrested in a restaurant in Samara frequented by petty criminals, on the suspicion of being implicated in a murder. Subsequently his innocence was established, but he was kept in jail in St. Petersburg, where the Russian government has been transferred. The foreign office has repeatedly assured the embassy that it has nothing against Fisher and is ready to turn him over to the American authorities at some American port.

Fisher claims that he was not aware of the character of the restaurant where he was arrested.

MORE EVIDENCE IN OREGON LAND CASE

Witness Tells of Being Hired to Locate on Land By Agents of Los Angeles Corporation.

PORTLAND, Ore., Oct. 19.—I. M. Marsh of Los Angeles was the principal witness for the government in the so-called Los Angeles fraud suit in the federal court today. Marsh testified that on the solicitation of William H. Smith, representing the Pacific Lumber and Lumber company, he went to Port Orford and fled on 160 acres of land. Marsh related that Smith assured him that if he (Marsh) would buy stock in the furniture company members of the company would provide him with employment, locate him on a timber claim in Curry county, and when he had completed final proof on the land, would purchase it from him for \$500 if he should decide subsequently to dispose of it.

SENATOR NEWLANDS IS TAKING A REST

SAN FRANCISCO, Oct. 19.—U. S. Senator Francis G. Newlands of Nevada arrived in this city today and is sojourning at the Fairmont hotel. He has come here for the benefit of his health, but his physical condition is much better than has been reported. He stated this afternoon that the report that he had suffered a breakdown was a mistake. He started off in the campaign with a bad cold and has pressed his voice too much. He has recovered from the cold, but his vocal cords have become weakened and require rest. He was advised to drop down to a lower altitude for a few days and has done so. His voice already is better, and he expects to resume his campaign by making a speech at Goldfield next Saturday. He will then remain in the campaign, speaking daily until election day.

Strictly New Styles—Quality Millinery

Here's another illustration of the goodness of our millinery store. We have had to increase its floor space, giving it more room, in order to accommodate the increasing demand for Kutner millinery.

These are very catchy, striking looking hats; many in the sought for smaller shapes. Materials in felts or satin, trimmings of wings or quills or ribbons or velvet, or silk. It's almost impossible to picture in type the many different styles on sale this week; best way is to come and see them; but come promptly. Big as our collection of these hats is, the demand for these \$5.50 hats will be very brisk.

It wasn't an easy matter to procure these coats to sell at these prices. Fresno women always insist on correct styles and good materials, even in the less costly qualities. We insist on good materials in every garment we sell so it took much figuring to get these coats just right. They are now here and are worth seeing.

\$12.50—A 50 inch wrap of black broadcloth; well made and stylishly cut. It has all the effect of an Empire coat. Some raised slightly at the waist line. Handsomely braided trimmed, lined throughout with excellent satin. This week sale price **\$12.50**

\$15.00—Some very stylish, semi-fitting, black broadcloth coats; collarless effect, beautifully trimmed, and nicely lined. It's a good match for the best \$20 coat shown elsewhere. This week, only **\$15.00**
